Cynthia,

We have incorporated the changes and will be shipping it off to print. Thank you for the input.

Hope to talk with you soon.

Mary

Hi, Mary.

Thanks for the opportunity to review the flyer. I talked to Mike, and we had a couple of comments.

First of all, it seems confusing to us to have the Project Schedule for the RI/FS under the Decommissioning and Removal Update. It seems to blur the line between the two activities. I know you don't have a lot of room to play with, but I would suggest changing the layout so the Project Schedule is clearly associated with the RI/FS Update.

I also had a couple of clarifying edits. On the back page, first sentence, fourth paragraph under CFAC Community Liaison Panel, change month to months. In the last paragraph of that column, I would suggest the following for the first sentence: The USEPA has not determined whether to ~~list the site on~~ *finalize the addition of the site to* the NPL...

Please let me know if you have any questions or would like additional information.

Best regards,  
Cynthia

Mike,  
That works for us. If you could keep me posted about timing. We need to coordinate with our vendor.  
Much thanks,  
Mary

Mike and Cynthia,

I hope all is going well.

Attached to this email is the next edition of the community update. The goal is to issue one quarterly. AGC would like to get this to the printer tomorrow, Friday, February 25. Let me know if you have any questions, etc. Otherwise, I'll presume you are good with it as is.

Much thanks,  
Mary
